### Board meetings

- Saturday, July 15, Sandhills/Southern Pines

### Preparation for next board meeting

- Set goals for 2006-2007. [Review 21st Century Recognition Program](#). [SMART goals: Specific, Measurable, Assigned to someone, Realistic, with a Timeframe.]
- Prepare budget modifications so the board can ensure that the budget matches the goals (increase fundraising or scale back costs). See [draft 06-07 budget](#) that will be discussed on 3/31.

- List of items that will need to be sent directly to branch presidents, so the administration group can set the schedule and draft table of contents for mailings to branches. See mailings: [Nov. 05](#), [Feb 06](#)
- Prepare to discuss options for changing publication format and schedule of Tar Heel News (3 issues, 1 online only? Other options?). Branch presidents should be prepared to discuss their members' views on this. State leaders need to rethink how they depend on the THN to notify all members.
- Come up with topics to suggest as the theme for the 2007 convention.
- Begin discussion of alternate formats for convention - for 2008? (Friday noon - Saturday 5:00? every other year?)
- Decide who in each group will prepare the written report - due July 1.
